# Statement of committee members' responsibilities for the year ended 30 September 2013

# Statement of committee members' responsibilities in respect of the annual report and the financial statements

The committee members are responsible for preparing the Annual Report and the financial statements in accordance with applicable laws and regulations.

Club law requires the committee members to prepare financial statements for each financial year. Under that law the committee members have prepared the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). The financial Statements are required by law to give a true and fair view of the state of affairs of the club and of the surplus or deficit of the club for that period.

In preparing those financial statements, the committee members are required to:

- Select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the club will continue in business

The committee members confirm that they have complied with the above requirements in preparing the financial statements.

The committee members are responsible for keeping adequate accounting records that are sufficient to show and explain the club's transactions and disclose with reasonable accuracy at any time the financial position of the club and enable them to ensure that the financial statements comply with the Registration of Clubs (Accounts) Regulations (Northern Ireland) 1997. They are also responsible for safeguarding the assets of the club and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

#### Statement of disclosure of information to auditors

So far as each of the committee members in office at the date of approval of these financial statements is aware:

- there is no relevant audit information of which the club's auditors are unaware; and
- they have taken all the steps that they ought to have taken as committee members in order to make themselves aware of any relevant audit information and to establish that the club's auditors are aware of that information.

#### By order of the committee

#### Committee Member

### Supplies Account for the year ended 30 September 2013

The foregoing balance sheet was approved by the committee on the 2 December 2013.

### Notes to the financial statements for the year ended 30 September 2013

#### **Compliance with Accounting Standards**

The accounts have been prepared in accordance with applicable accounting standards. There were no material departures from those standards. The particulars of material departures with reasons are as follows:

#### 1. Principal accounting policies

These financial statements are prepared on the going concern basis under the historical cost convention and in accordance with the Registration of Clubs (Accounts) Regulations (Northern Ireland) 1997 and applicable accounting standards. The principal accounting policies, which were applied consistently throughout the year, are set out below.

#### **Basis of accounting**

The financial statements are prepared in accordance with the historical cost convention.

#### **Fixed assets**

Depreciation is calculated so as to write off the cost, or valuation of tangible fixed assets, over the expected useful economic lives of the assets concerned. The principal annual rates used for this purpose are:

0/.

	70	
Buildings	2	Straight basis
Course Development	2	Straight basis
Machinery	25	Reducing balance basis
Furniture and Fittings	10	Straight line basis
Bar Fittings	20	Straight line basis

The cost of challenge cups is not depreciated.

#### **Capital Reserve Fund**

The capital Reserve Fund is written off at the same rates of depreciation as applied to those fixed assets to which it relates.

#### Stocks

Stocks are stated at the lower of costs and net realisable value, as determined by the club. Cost represents actual invoice price and net realisable value is the price at which stock can be realised in the normal course of business. Provision is made where necessary for obsolete and slow moving stocks.

#### Leased Assets

Where assets are financed by leasing agreements that give rights approximately to ownership ('finance leases') the assets are treated as if they had been purchased outright. The corresponding leasing commitments are shown as obligations to the lessor. Depreciation is charged to the profit and loss account on a straight line basis over the shorter of the lease terms and the useful lives of equivalent owned assets. Lease payments are treated as consisting of capital and interest elements and the interest is charged to revenue in proportion to the reducing capital outstanding.

### 2. Fixed Assets
